Product Description

Bigfoot Trailers - 10K Equipment Trailer

Introducing the 10K Equipment Trailer, the perfect light duty trailer for your small tractors, mini skid steers or cars. With a 9,980 GVWR and a payload capacity of 7,800 lbs, this trailer is built to last with a structural channel frame and dual 6,000 axles. Plus, 8-ply radials and a 5,000 lbs. top wind jack make for a smooth and secure ride.

The trailer comes with a fixed 2 5/16 Coupler and includes a 60" Flip Ramp for easy loading. All LED plug & play harness and pressure treated wood deck ensure visibility and durability. With 10 stake pockets and 4 D Rings for tie downs, you can rest assured that your cargo is secure. Available in lengths up to 30', this trailer is the perfect addition to your fleet.

- **GVWR:** 9,980
