Product Description

Bigfoot Trailers - YETI 15K Equipment Trailer

The 2023 BigFoot 15k GVWR Yeti Model Equip Trailer is the ultimate trailer for any type of job. With a 15K GVWR and 12K payload, this trailer is a beast and is ready to tackle even the toughest jobs. The 8" I-Beam Frame is strong and reliable, and the full tongue lockable onboard storage box provides added security. The 10K spring action jack makes loading and unloading easy and the 21K Demco adjustable coupler is incredibly durable. The rub rails run the full length of the trailer and the cross members are 16" on center. 8 side steps provide easy access to the trailer bed and the pressure treated pine decking ensures years of use. The Yeti Super Ramps with spring assist make loading and unloading a breeze, and the D rings front and rear provide secure tie-down points. The 235/80 14 ply tires, will carry you through any terrain, and the incredible new features are sure to make even the toughest jobs a breeze.
