Product Description

Bigfoot Trailers - 17.5K Equipment Trailer

This 17.5k GVWR Bumper Pull Equipment Trailer is the perfect solution for your heavy-duty hauling needs. With its 7ft wide 83" between fenders, this trailer offers 16ft up to 30ft of hauling space, and its 7" channel tongue frame runs all the way back to the axles. The 7" deck frame and 2ft dovetail add extra strength, while the 60" HD ramps provide easy loading and unloading. The 16 on center crossmembers, 7 pin whip and LED Plug & Play Lights make this trailer both reliable and efficient, and the 12k RAM spring return jack, 21k Demco adjustable coupler, and 8k grease axles with self-adjusting brakes on all hubs provide maximum stability. With 17.5" rims and 16 ply tires and a high-end paint job, this bumper pull equipment trailer is the perfect solution for your hauling needs.
