Product Description

CID X-Treme Duty Broom | Hydraulic Angle Attachment

Land every bid, clean every road with our X-treme Hydraulic Angle Broom! Available in both hydraulic and manual angle versions. It's an efficient, and effective way to sweep away dirt, light snow, and other debris. Now replace your bristles with our new slide on bristle feature. Trust our redesigned hood to keep debris away from the machine. We've even increased standard bristle count by 50%! This attachment is powered by a reversible high-torque motor and features an 8" core with a 26" bristle, or a 10" core with a 32" in bristle. Poly and steel or mixed wafers are available in red or blue.
