Product Description

IronCraft 2400 Series: 96" Heavy-Duty Rotary Cutter (8' Dual Spindle) W/CHAINS

Redefine your land management efficiency with the **IronCraft 2400 Series 2408 Rotary Cutter**. This 8-foot heavy-duty cutter is engineered where high-performance engineering meets rugged durability. Featuring an updated splitter box, this model expertly manages tip speed to ensure a consistent, professional-grade cut across every acre.

Superior Cutting Performance & Design

The IronCraft 2408 is designed to handle challenging overgrowth with ease. By combining counter-rotation technology with 4" full uplift blades, this cutter provides maximum lift and a clean finish. Key features include:

- **Increased Deck Skirt Height:** Allows for better material flow and higher volume cutting.
- **Dual Spindle Precision:** Optimized tip speeds for consistent results in changing field conditions.
- **Adjustable Tailwheel Brackets:** Customize your cutting height and deck leveling for any terrain.
- **Shock Coupler Protection:** Enhances the longevity of the center driveshaft under heavy loads.
