Product Description

IronCraft 2400 Series: 96" Heavy-Duty Rotary Cutter (8' Model) WO/CHAINS

Redefine your land management capabilities with the **IronCraft 2400 Series Cutter**. Engineered where high-performance engineering meets rugged durability, this heavy-duty rotary cutter is designed for an unmatched debris-clearing experience.

Featuring an **updated splitter box**, the 2400 series seamlessly manages tip speeds to ensure a consistent, controlled cut across varying widths. Whether you are clearing thick brush or maintaining expansive pastures, the combination of **counter-rotation technology** and **4" full uplift blades** delivers professional-grade cut quality in the most challenging conditions.

Key Performance Features

- **Enhanced Cut Quality:** Increased deck skirt height and adjustable tailwheel brackets allow for superior material flow.
- **Robust Construction:** Built with a 10-gauge deck and 11" side bands for long-term structural integrity.
- **Reliable Power:** Equipped with a 125 HP-rated gearbox and Series 5 PTO drive shaft with slip clutch protection.
- **Versatile Hitching:** Compatible with Cat 1 & 2 hitches, available in both lift and pull configurations.
