Product Description

IronCraft 2512 Series: 12' Flex-Wing Rotary Cutter 540 RPM 4 USED AIRCRAFT TIRES

The **IronCraft 2512** is the premier choice for operators seeking a high-capacity **Flex-Wing Rotary Cutter** specifically designed for compact tractors. Engineered to deliver professional-grade results with a **minimum PTO horsepower of only 35**, this cutter allows you to manage large acreage without needing a heavy-duty industrial tractor.

Equipped with a smooth top deck for easy cleaning and a **single spring suspension system**, the 2512 series excels at clearing grass, weeds, and light brush up to 2" in diameter. For added customization, you can choose from five color options to perfectly match your tractor's brand and aesthetic.

Top Performance Benefits
