Product Description

IronCraft 300 Series: 6' Medium-Duty Smooth-Top Rotary Cutter SLIP CLUTCH WO/CHAINS

The **IronCraft 306** is a high-performance **72" smooth-top cutter** designed for landowners who need to tackle more than just grass. Engineered for tractors between **45 and 90 PTO horsepower**, this 6-foot mower makes quick work of thick weeds, heavy grass, and **brush up to 2" in diameter**.

The innovative **smooth-top deck** design is a game-changer for maintenance, as it prevents the accumulation of water and debris that leads to rust. Whether you are clearing a neglected pasture or maintaining fence lines, the 300 Series provides the durability of a heavy-duty machine with the agility of a medium-duty cutter.

Performance & Durability Highlights

- **High-Velocity Cutting:** Achieves a tip speed of 14,500 FPM for a clean, professional finish.
- **Shock-Absorbing Blades:** Dual free-swinging 1/2" x 3" blades reduce the risk of gearbox damage upon hitting stationary objects.
- **Rugged Build:** Features a 10-gauge steel deck, 8-1/2" side bands, and a heavy-duty 1/2" plate blade holder.
- **Reliable Protection:** Comes standard with a Series 4 PTO drive shaft and slip clutch driveline protection.
