Product Description

IronCraft 3100 Series: 6' Standard-Duty Box Blade Scraper

The **IronCraft 3106** is a versatile **72" Standard-Duty Box Blade** engineered for efficiency in topsoil management, gravel grading, and clearing mulch or manure. Designed for tractors ranging from **15 to 45 horsepower**, this scraper is an essential tool for farm maintenance, construction sites, and outdoor arenas. Built for durability and ease of use, the 3100 Series is **Category 1 Quick Hitch compatible**, allowing for fast attachments and more time spent on the job. Whether you are leveling a driveway or preparing a building site, this box blade provides the structural integrity required for consistent earthmoving performance.

Key Performance & Grading Features

- **Adjustable Ripper Shanks:** Features 5 heavy-duty shanks that can be adjusted to various depths for breaking up compacted soil or gravel.
- **High-Capacity Moldboard:** Designed with a 17" moldboard height and 22" depth to move large volumes of material efficiently.
- **Dual Cutting Edges:** Equipped with 6" reversible cutting edges to ensure a long service life and precise grading.
- **Rugged Construction:** Built with 3/8" A-frame material to withstand the stresses of daily land management.

Technical Specifications (Model 3106)

- **Working Width:** 72" (6 Feet)
- **HP Requirement:** 15 - 45 Engine HP
- **Number of Shanks:** 5 Adjustable Shanks
- **Weight:** 357 lbs
- **Hitch Compatibility:** Category 1 (Cat 1)

Build Quality & Dimensions

- **Moldboard Height:** 17"
- **Box Depth:** 22"
- **A-Frame Material:** 3/8" Steel

- **Cutting Edge Size:** 6"
