Product Description

IronCraft 3100 Series: 7' Standard-Duty Box Blade Scraper

The **IronCraft 3107** is a high-performance **84" Standard-Duty Box Blade** designed to master topsoil, gravel, mulch, and manure management. Engineered for tractors ranging from **15 to 45 engine horsepower**, this 7-foot scraper is the ideal choice for farm maintenance, construction sites, and equestrian arenas.

Durability meets convenience with a design that is **Category 1 Quick Hitch compatible**, ensuring seamless attachment for modern tractors. Whether you are grading a driveway or leveling a building site, the 3100 Series provides the structural integrity and precision required for professional results.

Key Performance & Grading Features

- **Six Adjustable Ripper Shanks:** Features 6 heavy-duty shanks that can be adjusted to various depths for breaking up compacted surfaces.
- **High-Volume Material Handling:** A 17" moldboard height and 22" box depth allow for efficient movement of large amounts of dirt or gravel.
- **Dual Cutting Edges:** Equipped with 6" reversible cutting edges to provide a long service life and a clean, level finish.
- **Rugged Frame Construction:** Built with 3/8" A-frame material to handle the stresses of daily grading and scraping tasks.

Technical Specifications (Model 3107)

- **Working Width:** 84" (7 Feet)
- **Horsepower Requirement:** 15 - 45 Engine HP
- **Number of Shanks:** 6 Adjustable Ripper Shanks
- **Weight:** 390 lbs for optimal soil penetration
- **Hitch Compatibility:** Category 1 (Cat 1)

Build Quality & Dimensions
