Product Description

IronCraft 3100 Series: 8' Standard-Duty Box Blade Scraper

The **IronCraft 3108** is the high-capacity solution for wide-area grading, specifically engineered as a **96" Standard-Duty Box Blade**. This 8-foot scraper is ideal for working with topsoil, gravel, mulch, and manure, making it an essential attachment for tractors ranging from **15 to 45 horsepower**.

Designed for maximum efficiency, the 3108 is **Category 1 Quick Hitch compatible**, allowing for fast transitions between implements. Whether you are maintaining an outdoor arena, a building site, or a commercial farm, this box blade provides the width and durability needed to cover more ground in fewer passes.

Key Performance & Grading Features

- **Maximum Coverage:** The 96" working width is perfect for covering the wide tire tracks of larger utility tractors.
- **Six Adjustable Ripper Shanks:** Equipped with 6 heavy-duty shanks that can be adjusted to break up hard-packed soil or deep-grade gravel.
- **High-Volume Material Handling:** Features a 17" moldboard height and 22" depth to move and level significant amounts of material.
- **Replaceable Cutting Edges:** Includes 6" reversible and replaceable cutting edges to extend the life of the tool.

Technical Specifications (Model 3108)

- **Working Width:** 96" (8 Feet)
- **Horsepower Requirement:** 15 - 45 Engine HP
- **Ripper Shanks:** 6 Adjustable Units
- **Weight:** 421 lbs for reliable ground contact
- **Hitch Compatibility:** Category 1 (Cat 1)

Rugged Construction Details

- **Moldboard Height:** 17"
- **Box Depth:** 22"

- **A-Frame Material:** Heavy-duty 3/8" steel for superior strength.
- **Cutting Edge Size:** 6" high-carbon steel.
- **Implement Type:** Standard-Duty Box Scraper.

Professional & Agricultural Applications

- **Large Outdoor Arenas:** Maintain a level and consistent surface for equestrian training.
 - **Road & Driveway Maintenance:** Efficiently grade long gravel drives and private roads.
 - **Construction Site Prep:** Level topsoil and clear debris around foundation perimeters.
 - **Farm & Ranch Management:** Clear large stalls, manage manure piles, and spread mulch across wide paths.
-
