Product Description

IronCraft 3200 Series: 8' Heavy-Duty Box Blade Scraper

The **IronCraft 3208** is the ultimate solution for high-volume earthmoving, providing a massive **96" working width**. Designed for tractors between **30 and 70 horsepower**, this 8-foot heavy-duty box blade is engineered to withstand the rigors of maintaining large farms, commercial building sites, and extensive landscaping projects.

Built for maximum structural integrity, the 3208 features a reinforced **1/2" A-frame** and is **Category 1 and 2 Quick Hitch compatible**. Whether you are ripping up compacted soil, grading long driveways, or spreading topsoil across wide areas, this scraper provides the weight and durability needed for professional-grade results.

Industrial Strength & Grading Performance

- **Wide-Area Efficiency:** The 96" cutting width allows you to cover more ground in fewer passes, perfect for wide-track utility tractors.
- **Six Heavy-Duty Ripper Shanks:** Equipped with 6 adjustable shanks designed to penetrate hard-packed clay, rocky soil, and sun-baked earth.
- **Dual Reversible Cutting Edges:** Features 6" high-carbon steel cutting edges that are both reversible and replaceable for a longer service life.
- **Reinforced Frame Design:** Built with a 1/2" thick A-frame to handle the high-torque demands of 70 HP tractors during aggressive grading.

Technical Specifications (Model 3208)

- **Working Width:** 96" (8 Feet)
- **Horsepower Requirement:** 30 - 70 Engine HP
- **Number of Shanks:** 6 Adjustable Heavy-Duty Shanks
- **Weight:** 640 lbs for superior down-pressure and traction
- **Hitch Compatibility:** Dual Category 1 & 2 (Cat 1 & 2)

Build Quality & Capacity

- **Moldboard Height:** 17" reinforced steel

- **Box Depth:** 22" for maximum material containment
- **A-Frame Material:** Ultra-tough 1/2" steel plate
- **Cutting Edge Size:** 6" Reversible
- **Quick Hitch Ready:** Fully compatible with Cat 1 and Cat 2 Quick Hitch systems

Professional & Heavy-Duty Applications

- **Commercial Site Preparation:** Efficiently level large building pads and grade around foundations.
 - **Large-Scale Landscaping:** Spreading mulch, topsoil, or fill dirt over expansive acreages.
 - **Municipal Road Maintenance:** Ideal for grading long gravel roads, private drives, and service paths.
 - **Agricultural Utility:** Clearing large livestock areas, leveling pastures, and managing manure piles.
-
