Product Description

IronCraft 4100 Series: 4' Economy Grader Blade

The **IronCraft 4104** is an efficient and versatile **48" Economy Grader Blade** designed specifically for tractors between **15 and 25 horsepower**. This 4-foot blade is the perfect attachment for managing topsoil, grading gravel driveways, clearing snow, and handling light-duty maintenance tasks around the homestead or small construction site.

Built for simplicity and durability, the 4100 Series is **Category 1 Quick Hitch compatible**, allowing for fast, hassle-free attachment to your sub-compact tractor. Whether you are leveling a garden path or clearing a sidewalk, this blade provides the maneuverability and strength required for basic land grading.

Key Versatility & Performance Features

- **Multi-Position Angle Adjustment:** Features a 5-position adjustment for both forward and reverse operation, allowing you to push or pull material at the perfect angle.
- **Durable Cutting Edge:** Equipped with a 6” high-carbon steel cutting edge designed for clean scraping and a long service life.
- **Compact & Lightweight:** At only 158 lbs, it is easy to handle and won't overwhelm the lifting capacity of smaller sub-compact tractors.
- **Rugged Frame Construction:** Built with a 3/8" A-frame to ensure structural integrity during soil and snow removal.

Technical Specifications (Model 4104)

- **Working Width:** 48" (4 Feet)
- **Horsepower Requirement:** 15 – 25 Engine HP
- **Moldboard Height:** 13" for efficient material rolling
- **Weight:** 158 lbs for agile operation
- **Hitch Type:** Category 1 (Cat 1) Quick Hitch Compatible

Build Quality & Dimensions

- **Blade Angle:** 5-position (Forward and Reverse)
- **A-Frame Material:** 3/8" Steel

- **Cutting Edge Size:** 6" Reversible and Replaceable
- **Implement Category:** Economy-Duty Rear Blade

Common Applications

- **Snow Removal:** Ideal for clearing driveways and walkways on small properties.
- **Gravel Maintenance:** Perfect for smoothing out small ruts and redistributing driveway stone.
- **Garden Preparation:** Use the 48" width to level tilled soil in tight garden plots or flower beds.
- **Light Grading:** Leveling topsoil and spreading mulch for landscaping projects.
