Product Description

IronCraft 4100 Series: 7' Economy Grader Blade

The **IronCraft 4107** is a versatile and cost-effective **84" Economy Grader Blade**, specifically engineered for tractors ranging from **15 to 35 horsepower**. This 7-foot rear blade is the ideal attachment for moving topsoil, grading gravel driveways, clearing snow, and completing basic land maintenance tasks with efficiency.

Built for durability and ease of use, the 4100 Series is **Category 1 Quick Hitch compatible**, allowing for rapid attachment to your compact tractor. Whether you are leveling a large garden plot or clearing a wide driveway, this blade provides the expansive coverage and flexibility required for light-duty grading.

Key Versatility & Performance Features

- **84-Inch Wide Coverage:** Perfect for covering the tire tracks of compact tractors in a single pass.
- **Multi-Position Angle Adjustment:** Features a 5-position adjustment for both forward and reverse operation, giving you the ability to push or pull material at the optimal angle.
- **High-Carbon Steel Cutting Edge:** Equipped with a 6" reversible cutting edge designed for clean scraping and long-term durability.
- **Lightweight yet Rigid:** At 223 lbs, it provides enough weight for effective scraping without overtaxing smaller tractor lift capacities.

Technical Specifications (Model 4107)

- **Working Width:** 84" (7 Feet)
- **Horsepower Requirement:** 15 - 35 Engine HP
- **Moldboard Height:** 14" for improved material rolling and snow pushing.
- **Hitch Type:** Category 1 (Cat 1) Quick Hitch Compatible
- **Weight:** 223 lbs

Rugged Construction & Build Quality

- **A-Frame Material:** Constructed with 3/8" steel for reliable structural support.
- **Angle Versatility:** 5-position forward and reverse settings.
- **Cutting Edge Size:** 6" Reversible and Replaceable.
- **Implement Category:** Economy-Duty Rear Scraper Blade.

Primary Applications

- **Gravel Maintenance:** Ideal for smoothing out ruts and redistributing stone on private drives.
 - **Snow Removal:** The 7-foot width makes quick work of clearing light snow from parking areas and wide paths.
 - **Topsoil & Mulch Spreading:** Effortlessly level tilled soil or spread landscaping materials.
 - **Light Construction:** Grading around outbuildings and maintaining arena floors.
-
