Product Description

IronCraft 4300 Series: 4' Standard-Duty Grader Blade with Tilt

The **IronCraft 4304** is a versatile **48" Standard-Duty Grader Blade** engineered for tractors between **15 and 30 horsepower**. This 4-foot blade is the ideal attachment for homeowners and light-duty contractors who need to move topsoil, grade gravel, clear snow, or perform precise backfilling tasks.

Upgrade your land management capabilities with the 4300 Series. Featuring both angle and tilt adjustments, this model is **Category 1 Quick Hitch compatible**, allowing for fast attachment and professional-grade results on sub-compact and compact tractors.

Key Performance & Precision Features

- **Dual-Axis Adjustment:** Features a 5-position angle adjustment (forward and reverse) and a 3-position tilt adjustment for cutting ditches or crowning drives.
- **Enhanced Backfilling:** The reversible blade design allows for efficient "pushing" or backfilling of trenches and holes.
- **Durable Cutting Edge:** Equipped with a 6" high-carbon steel cutting edge designed for aggressive scraping and a long service life.
- **Standard-Duty Construction:** Built with a 3/8" A-frame to provide increased rigidity over economy models.

Technical Specifications (Model 4304)

- **Working Width:** 48" (4 Feet)
- **Horsepower Requirement:** 15 - 30 Engine HP
- **Angle Adjustment:** 5-Position (Forward & Reverse)
- **Tilt Adjustment:** 3-Position functionality
- **Hitch Type:** Category 1 (Cat 1) Quick Hitch Compatible

Build Quality & Hardware

- **Moldboard Height:** 13" for efficient material rolling.
- **A-Frame Material:** Reinforced 3/8" steel.
- **Cutting Edge:** 6" Reversible and Replaceable.

- **Operating Weight:** 178 lbs for improved ground penetration.

Primary Applications

- **Ditching & Drainage:** Use the 3-position tilt to cut small V-ditches or manage water runoff.
 - **Gravel Driveways:** Level potholes and redistribute stone with precise angle control.
 - **Snow Management:** Clear sidewalks and narrow paths with ease.
 - **Backfilling:** Ideal for smoothing out utility trenches or filling in around foundation edges.
-
