Product Description

IronCraft 4300 Series: 5' Standard-Duty Grader Blade

The **IronCraft 4305** is a robust **60" Standard-Duty Grader Blade** designed for tractors between **15 and 35 horsepower**. This 5-foot rear blade is the perfect attachment for property owners who need to manage topsoil, grade gravel driveways, clear snow, or perform precise backfilling and leveling tasks.

Part of the professional-grade 4300 Series, this model is **Category 1 Quick Hitch compatible**. With integrated tilt and angle adjustments, it offers the flexibility needed to handle complex landscaping and drainage projects that simpler blades cannot manage.

Precision Grading & Versatility Features

- **Dual-Axis Maneuverability:** Features a 5-position angle adjustment (forward and reverse) and a 3-position tilt adjustment for cutting ditches or crowning roads.
- **Efficient Backfilling:** The heavy-duty moldboard is designed for both pulling and pushing material, making it ideal for filling trenches and holes.
- **High-Carbon Steel Edge:** Equipped with a 6" reversible and replaceable cutting edge for aggressive scraping and an extended service life.
- **Durable Construction:** Built with a 3/8" A-frame to ensure structural stability under the pressure of land grading and snow removal.

Technical Specifications (Model 4305)

- **Working Width:** 60" (5 Feet)
- **Horsepower Requirement:** 15 - 35 Engine HP
- **Angle Adjustment:** 5-Position (Forward and Reverse)
- **Tilt Adjustment:** 3-Position capability
- **Hitch Type:** Category 1 (Cat 1) Quick Hitch Compatible

Build Quality & Hardware

- **Moldboard Height:** 13" for excellent material rolling action.
- **A-Frame Material:** Reinforced 3/8" steel.
- **Cutting Edge Size:** 6" Reversible High-Carbon Steel.

- **Weight:** 199 lbs for improved ground contact and penetration.

Primary Applications

- **Drainage & Ditching:** Utilize the 3-position tilt to create V-ditches and manage water runoff on sloped land.
 - **Gravel Driveway Repair:** Level ruts, fill potholes, and restore the crown of your driveway with precise angle control.
 - **Snow Management:** Clear driveways and parking pads efficiently with the 60-inch clearing path.
 - **Construction & Landscaping:** Ideal for spreading topsoil, leveling garden plots, and backfilling utility lines.
-
