Product Description

IronCraft BPF Series: 87" Heavy-Duty Flail Mower

The **IronCraft BPF Series** is an industrial-grade solution designed for tractors ranging from **50 to 100 PTO horsepower**. This **87" heavy-duty flail mower** is engineered for multi-purpose capability, making it the perfect tool for clearing thick brush, maintaining orchards, or managing overgrown pastures with a standard Category 2 hitch.

Built for longevity and ease of use, the BPF-225 features a **double deck design** for maximum structural integrity. The **opened deck design** ensures that routine maintenance is fast and simple, keeping your equipment in the field longer.

Performance & Versatility Features

- **Standard Hydraulic Side Shift:** Offers a 15" hydraulic offset to easily maneuver around obstacles and fence lines.
- **Heavy-Duty Cutting Power:** Comes standard with 20 high-mass hammers to pulverize thick vegetation.
- **Precision Stability:** Includes a standard rear roller for consistent height control and a smooth finish.
- **Robust Drivetrain:** Features a high-capacity rotor and 4 heavy-duty belts for reliable power transfer.

Technical Specifications (Model BPF-225)

- **Working Width:** 87" (7.25 Feet)
- **HP Requirement:** 50 - 100 PTO HP
- **Cutting Components:** 20 heavy-duty hammers
- **Hydraulic Offset:** 15" side-shift capability
- **Overall Width:** 96"

Build Quality & Component Details

- **Deck Design:** Double deck construction for extreme durability.
- **Rotor & Roller:** Large 6.69" diameter rotor and rear roller.
- **Hitch Type:** Category 2 (Cat 2) 3-point hitch.
- **Weight:** 1,726 lbs for superior down-pressure and stability.

- **Drive System:** 4-belt drive system for maximum torque handling.

Maintenance & Reliability

- **Easy Access:** Opened deck design allows for quick inspection and cleaning.
 - **Standard Equipment:** Includes hammers, rear roller, and hydraulic side shift as standard.
 - **Application:** Optimized for heavy-duty, multi-purpose land management.
-
