Product Description

IronCraft BPF Series: 98" Heavy-Duty Flail Mower

The **IronCraft BPF-250** is a high-capacity **98" Heavy-Duty Flail Mower** engineered for versatile land management. Optimized for tractors ranging from **50 to 100 PTO horsepower**, this multi-purpose tool is the ideal solution for pulverizing thick grass, heavy brush, and pruning remains with professional precision.

Built for the most demanding environments, the BPF Series features an innovative **double deck design** and an **opened deck configuration** that allows for effortless maintenance and debris clearing. With integrated hydraulic capabilities and heavy-duty components, it provides the reliability needed for large-scale agricultural and municipal applications.

Performance & Professional Features

- **Standard Hammer Blades:** Equipped with 24 heavy-duty hammers as standard for maximum impact and fine mulching.
- **Hydraulic Side Shift:** Includes a 15" hydraulic offset, allowing operators to easily navigate around obstacles and fence lines.
- **Dual-Deck Protection:** The double deck design provides superior structural integrity and longevity in high-stress conditions.
- **Precision Cutting:** Features a standard rear roller for consistent height control and a clean finish.

Technical Specifications

- **Working Width:** 98" (8.1 Feet)
- **HP Requirement:** 50 - 100 PTO HP
- **Cutting Mechanism:** 24 High-mass hammers
- **Hydraulic Offset:** 15" travel
- **Weight:** Robust 1,907 lbs for maximum stability

Drivetrain & Build Quality

- **Power Transfer:** 5-belt drive system for consistent rotor speed and torque.
- **Rotor & Roller:** Heavy-duty 6.69" diameter rotor and rear roller.
- **Hitch Compatibility:** Category 2 (Cat 2) 3-point hitch.

- **Overall Width:** 106" total footprint.

Maintenance & Versatility

- **Open Deck Access:** Specifically designed for easy access to internal components during service.
 - **Multi-Purpose Utility:** Suitable for clearing pastures, maintaining orchards, and managing thick roadsides.
 - **Durable Components:** Includes replaceable parts and accessible grease points to ensure gearbox and rotor longevity.
-
