Product Description

IronCraft FMH Series: 63" Standard-Duty Flail Mower

The **IronCraft FMH-160** is a versatile **63" standard-duty flail mower** engineered for tractors between **35 and 70 PTO horsepower**. Designed for landowners who need precision and power, this mower excels at maintaining edges, fence lines, and uneven terrain.

Equipped with a **Category 1 hitch** and integrated **hydraulic side shift**, the FMH series provides 12" of offset for superior maneuverability around obstacles. Whether you are clearing grass or tackling brush up to 1.5" thick, the FMH-160 delivers a professional, even finish every time.

Performance & Versatility Features

- **Dual Cutting Options:** Comes standard with 20 heavy-duty hammer flails for brush, with optional knife blades available for a finer finish.
- **Hydraulic Side Shift:** Provides a 12" offset to give operators greater control when working along tight boundaries.
- **Clean Cut Technology:** Features integrated rakes and a standard rear roller to ensure a consistent, professional appearance.
- **Robust Drive System:** Utilizes a 4-belt drive system to handle varied vegetation densities with ease.

Technical Specifications (FMH-160)

- **Working Width:** 63" Cutting Path
- **HP Requirement:** 35 - 70 PTO HP
- **Hydraulic Offset:** 12" of lateral travel
- **Cutting Capacity:** Grass and brush up to 1.5" thick
- **Weight:** 908 lbs for stable operation

Drivetrain & Build Quality

- **Hitch Compatibility:** Category 1 (Cat 1)
- **Blade Count:** 20 high-mass hammers
- **Belt Configuration:** 4-belt drive for maximum torque transfer
- **Overall Width:** 69" total footprint

Maintenance & Usage Applications

- **Ideal For:** Managing farm perimeters, fence lines, and light-to-medium brush clearing.
 - **Easy Serviceability:** Designed with accessible grease points and a standard-duty frame for long-term reliability.
 - **Customizable Finish:** Switch between hammers for rough-cut brush and optional knives for park-like grass maintenance.
-
