Product Description

IronCraft FMH Series: 69" Standard-Duty Flail Mower

The **IronCraft FMH-175** is a high-performance **Standard-Duty Flail Mower** engineered for tractors with **40 to 70 PTO horsepower**. Featuring a 69" working width, this mower is the ideal solution for maintaining pastures, clearing brush up to 1.5" thick, and achieving a professional finish on uneven terrain.

Equipped with a **12" hydraulic offset**, the FMH series provides superior control when navigating fence lines, edges, and tight corners. Whether you are using the standard heavy-duty hammers for thick vegetation or optional knife blades for a manicured look, this mower is built for versatility and precision.

Key Performance & Versatility Features

- **Hydraulic Side Shift:** Provides a 12" offset to easily reach under low-hanging branches or along obstacles.
- **Multi-Material Capability:** Standard hammer flails are designed to slash through grass and brush up to 1.5" thick.
- **Superior Finish:** Includes standard rear rollers and rakes to ensure a clean, even cut across the entire 69" path.
- **Customizable Cutting:** While hammers come standard, knife blades are available for operators requiring a finer finish.

Technical Specifications (FMH-175)

- **Working Width:** 69"
- **Horsepower Required:** 40 - 70 PTO HP
- **Hitch Type:** Category 1 (Cat 1)
- **Cutting Capacity:** Up to 1.5" diameter material
- **Operating Weight:** 957 lbs

Drivetrain & Build Quality

- **Hammer Configuration:** Features 22 heavy-duty hammers for maximum impact.
- **Drive System:** Utilizes a 4-belt drive for consistent power and slip protection.
- **Overall Width:** 75-1/2" footprint.

- **Standard Equipment:** Includes hammers, rear roller, and rakes for immediate field readiness.

Ideal Applications

- **Pasture Maintenance:** Large working width and rakes provide a clean, consistent cut.
 - **Edge & Fence Management:** Hydraulic side shift allows for precision mowing near sensitive borders.
 - **Brush Clearing:** Sufficient power to manage light saplings and thick weeds.
-
