Product Description

IronCraft FMH Series: 80.7\"/> Standard-Duty Flail Mower

The **IronCraft FMH-205** is a high-performance **80.7\"/>
working width flail mower** engineered for tractors with **45 to 70 PTO horsepower**. Designed for Category 1 hitches, this standard-duty mower offers the perfect balance of power and precision for maintaining fence lines, edges, and uneven terrain.

Equipped with a **12\"/>
hydraulic offset**, the FMH series provides operators with superior control and maneuverability. Whether you are clearing grass or tackling **brush up to 1.5\"/>
thick**, the combination of standard hammer flails, a rear roller, and integrated rakes ensures a clean, professional finish every time.

Key Performance & Versatility Features

- **Hydraulic Side Shift:** Provides a 12\"/>
offset for easy navigation around obstacles and boundaries.
- **Dual Cutting Options:** Features 26 heavy-duty hammers as standard, with optional knife blades available for a finer finish.
- **Integrated Cleanup:** Includes rear rakes and a standard rear roller to ensure an even cut and debris management.
- **Robust Drive System:** Powered by a 4-belt system for consistent torque and rotor stability.

Technical Specifications (FMH-205)

- **Working Width:** 80.7\"/>
Cutting Path
- **HP Requirement:** 45 - 70 PTO HP
- **Cutting Capacity:** Grass and brush up to 1.5\"/>
thick
- **Hammer Count:** 26 Standard hammers
- **Operating Weight:** 1,063 lbs

Construction & Build Quality

- **Driveline Protection:** Designed for tractors with 35 to 70 HP and Category 1 hitches.
- **Overall Width:** 87.4\"/>
total footprint.
- **Transmission:** Reliable 4-belt drive system.
- **Versatile Application:** Suitable for standard-duty mowing in fields, orchards, and roadsides.

Standard Safety & Hardware

- **Hitch Compatibility:** Category 1 (Cat 1).
 - **Standard Components:** Includes hammer flails, rear roller, and rakes.
 - **Optional Upgrades:** Knife blades for specialized finish work.
 - **Serviceability:** Built for easy maintenance and long-term durability in uneven terrain.
-
