Product Description

IronCraft SGM Series: 7' Professional Turf Finishing Mower

The **IronCraft SGM7** is a high-capacity **84" Finishing Mower** engineered for those who demand a manicured finish on large turf surfaces and well-maintained lawns. Designed for tractors between **40 and 50 PTO horsepower**, this grooming mower is the ideal choice for golf courses, large estates, municipalities, and commercial landscaping operations.

Built with a rugged **7-gauge steel deck** and a Category 1 three-point hitch, the SGM7 combines industrial durability with high-precision cutting. Whether you are a rancher maintaining vast homestead acreage or a municipal worker grooming city parks, this 7-foot mower delivers the superior cut quality required for professional landscape maintenance.

Key Performance & Grooming Features

- **Scalp Protection:** Comes standard with a front roller to ensure an even cut across undulating terrain and protect sensitive turf.
- **Wide-Area Efficiency:** The 84" working width allows for maximum coverage, significantly reducing time spent on large-scale mowing projects.
- **Triple Blade Precision:** Equipped with three high-velocity blades to provide a clean, consistent cut similar to a golf course finish.
- **Durable Drive System:** Features a 2-belt drive system designed to absorb shock and protect the tractor's driveline during operation.
